

SIBA Negotiates New Construction Trade Contracts

Southern Illinois Builders Association spokesmen said today that nearly all expiring construction trade contracts, under its jurisdiction, have either been successfully negotiated or are close to that final stage of agreement.

The Tri-County District Council of Carpenters drawn from Monroe, St. Clair, Randolph, and sections of Clinton and Washington counties, last week signed an agreement guaranteeing a 55-cent increase over the three-year life of the contract. The agreement was signed well ahead of the current contract's expiration deadline, July 31.

The Madison County District Council, composed of Madison, Jersey, Bond, and parts of Macoupin and Greene counties, is currently negotiating a new three-year contract for its members. Spokesmen said the next bargaining session is scheduled sometime the week of July 10. The present contract expires July 31.

The Cement Masons of Calhoun, Jersey, St. Clair, Monroe and part of Madison counties, last week agreed to a new three-year contract which becomes effective Aug. 1. The masons will benefit by a 55-cent increase during the life of the contract.

The Iron Workers, spokesmen for the Builders' Association said, will meet sometime next week to continue negotiations of their contract which terminates the end of July. Iron Worker members are from the following counties: St. Clair, Madison, Randolph, Terry, Washington, Clinton, Jersey, Monroe, Bond, Calhoun, Marion, and parts of Jefferson, Macoupin, Fayette, and Montgomery.

A one-year contract offering a 30-cent increase has been negotiated by Laborer's locals, 100 of East St. Louis, and 387 of Granite City. The new contract, effective Aug. 1, is to be ratified in the immediate future according to SIBA officials.

City's Bills, Salaries Total \$48,582

Bills and half-month salaries approved Tuesday night by Granite City council members totaled \$48,582, of which \$35,580 was pay for employees and \$13,002 was for current bills. In addition to salaries, the city paid \$3036 to the Illinois Municipal Retirement Fund as its contribution of 8.92% of the payroll and \$486 as its contribution for social security.

Among the items included on the 24-page bill list were payments of \$1103 for maintenance of fuel for city motor vehicles; \$1785 for street maintenance materials; and \$801 paid to David J. Johnston for engineering services, of which \$416 was his regular monthly retainer and \$385 was 10% of the cost of the Franklin avenue drainage line.

Other payments approved by the council were — \$1300 for Weather's Auto Sales & Service for a Jeep; \$10 to Stephen Kraus for towing service to pull his auto from a cave-in on Melrose avenue due to sewer line installation; \$1163 to East St. Louis & Interurban Water Co. for June rental on 217 fire hydrants; \$875 to Illinois Power Co. for street lighting in June.

Weed cutting costs for slightly over 35 lots at \$2.95 a lot totaled \$104 and was paid to Leo Kamadulski; while civil defense disbursements were — \$30 expense allowance for Director Victor Koenig, \$53 expenses for Director George Schumacher, \$92 for purchase of federal surplus property including a food cart, four ponchos, two field telephones, two water bags, a conversion unit, crawling table, 1152 gauze bandages and an outboard motor, and \$25 paid to Howard Anderson for expenses in transporting the surplus property here from Springfield.

Meals for prisoners in the city jail during June totaled \$42 paid to Grand Cafe. The report shows 56 meals were served in the jail. Other expense allowances approved were \$30 for Alderman Steve Basarich, \$30 for Alderman Robert Gaughan; and there was payment of \$533 to City Building Inspector Earl Bloomquist as his fees amounting to 50% of building permits issued in June.

SIU Conservation Workshop Scheduled

A Southern Illinois University workshop in Regional Problems in Conservation will convene in Edwardsville Monday, July 11, and last through July 22. The workshop, directed by Philip Vogel, will carry four quarter hours of credit in geography 424. The workshop will deal with problems concerning distribution, use, and inter-relationship of resources in the various resource management regions of the U. S. and conservation techniques applied to them. Students may enroll at the first meeting in the Farm Bureau building in Edwardsville at 8:30 a.m.

City To Replace Man's Tire Ruined By Glass In Street

The city will buy a new tire and tube for a motorist who ran over broken glass in Emme street near his home.

Payment of approximately \$16 to Henry L. Meyers, 2824 Emme street, was approved Tuesday night by Granite City council members who also approved payments for damage repairs to two other privately-owned automobiles and referred a new claim to the city attorney.

Meyers' claim originally was rejected by the city council, but at last week's meeting, on the insistence of Alderman Walter Nenn, it was referred to the city attorney for recommendation.

In a letter to the council, in which he submitted a claim for replacement of the tire and tube, Meyers stated he had notified the mayor and other city departments of the broken glass in the street, prior to damage to his tire.

City Atty. William Beatty in his recommendation suggested a compromise settlement. "While I think the liability in this case is extremely questionable, I feel that the amount involved, approximately \$15 to \$20, would not warrant our defending this claim and I would recommend a compromise settlement."

The city also will pay Joseph Chrepy, 2907 Iowa street, a total of \$103 for damages to his 1960 auto caused when a manhole cover at 25th street and Madison avenue "flipped" as he was driving over it.

The third claim, in the amount of \$74, was paid to an East St. Louisan, William Wil-

96 Local Scouts Off To Camp Sunnen Next Week

Off to Camp Sunnen for the fourth week of the Boy Scout season will be a group of 96 local scouts and leaders from the Quad-Cities. They will report Sunday to the Cahokia Mound Stage, where they will be joined by another 26 other scouts from other sections of the council.

Added to the previous weeks' total of 62, 124 and 141 scouts and leaders, the coming week's total will be 333. Of these 175 have been from the Quad-Cities.

The largest local contingent next week will be Troop 12 of Broyles and eight scouts — Bob Niedringhaus school. They will be represented by two leaders, Fred LaMacchia, Jack Miller, Thomas Miller and Larry Sabo.

Troop 22 of Frohardt school will be represented by two leaders, Roy Weaver and Bob Eberhardt, and 13 scouts — Bob Eberhardt, Gary Forsline, Bob Marczak, John Marczak, Mike Mounce, Richard Putnick, Larry Smallie, John Van Dusen, Larry Wright, Neal Wolf, Jack Wood, Larry Weaver and Dennis Zeran.

Leader Harry Wood sr. will take seven scouts from Post 22 of Frohardt school—Vance Lockwood, Richard Peoli, John Lockwood, Ray Snelson, Larry Bowman, Elton Hall, Harry Wood Jr. and Mike Jesse.

The first five children's story hours to be held this summer at the Venue public library, 325 Broadway, will be given next Wednesday at 10 a. m. Miss Catherine McGee, librarian, announced. The program will continue on successive Wednesdays.

The subject of the story hours will be Mark Twain's view of boyhood, the reader, Mrs. Sybil Robbs, said.

Mitchell Kiwanis Study Natural Gas

The possibility of natural gas for the Mitchell area was the big topic of discussion at Tuesday's meeting of the Kiwanis Club, according to President Robert Franko.

An Illinois Power Co. representative told the nine members attending the dinner-meeting in Smith's Cafe, that natural gas service could be offered in that area provided enough people wanted it.

Homes in Mitchell and vicinity presently use "bottle gas," Franko said.

The Kiwanis president, discussing the matter later with club members, though the club should initiate a petition gathering the signatures of all residents interested in switching to natural gas.

An additional meeting with the gas company representative is scheduled for Monday, July 18.

In other business, Franko said, various committee reports were heard, and plans were finalized for attending "sports day" in O'Fallon.

Former Resident Dies
Cornelius J. "Neel" Schaefer, 34, of Waterloo, died of leukemia Tuesday night at John Cochran Hospital St. Louis, where he was a patient for six weeks. Schaefer, who was in the secret service of the U. S. Army Mobile Support Detachment in Granite City, was a native of Belleville. Funeral services will be conducted Saturday at Belleville.

ty, \$719,500 on lands, \$5,874,010 on lots and \$180,570 on locally-assessed railroad property.

Major slash made by the Board of Review a year ago was on personal property belonging to public utilities, it was learned from Cohan and Board of Review officials. The assessor told the Press-Record this week that the largest increases in the new assessment list are on the utilities.

\$223,576,130 Area Total

Last year's final Quad City assessment total of \$223,576,130 consisted of the \$21,034,610 valuation in Namekoi township, \$140,048,820 in Granite City, and \$62,536,700 in Venice township.

County records show the assessor's figures from last year, as adjusted by court action, totaled \$224,045,200 for the Quad-Cities, including \$139,800,600 in Granite City, \$63,036,950 in Venice township and \$21,207,650 in Namekoi township.

Thus, the Board of Review trimmed assessments by an amount of \$469,070 here, based on an increase of \$204,220 in Granite City township and cuts of \$500,290 in Venice township and \$173,940 in Namekoi township.

Work On Drainage Is Continuous, Hanks Says

Namekoi Township Road Commissioner Charles Hanks told the Press-Record yesterday that he challenges a statement by Homer Marmion, that nothing has been done to improve storm water drainage in the Ponton Beach area.

Hanks said a new 180-foot, 15-inch line was installed from the end of Central lane to Lehigh Lake last December, replacing inadequate and clogged eight-inch line. "We did the job at a cost of \$85," Hanks said, pointing out he had conferred with a county engineer on the installation.

The road commissioner said last week's heavy rains, which inundated the Division street-Breckenridge lane area, could not run off because the ditches along the roadways and along side roads had been excavated for installation of water lines for the Ponton Beach Public Water District and the operation of the ditches had been disturbed.

"I don't know what we can do to correct this problem and we might have to go to court to settle it," Hanks said, adding that he and a county engineer had inspected the ditches two weeks ago and found them to be in bad condition because of the water line excavation.

Hanks pointed out, noting from his log book, a continuing program of maintenance work on the ditches and roadways during the past year, and he explained that the runoff into Long Lake was virtually halted last week because the lake was high due to culverts under railroad tracks leading to Elm Slough being clogged with boxes and other debris.

A crew of township workers went to the culverts on Tuesday and by wading in waist deep water spent two hours removing the debris to permit the lake to return to its normal level.

He further explained that because of the water line excavations, other drainage lines now are clogged and must be undertaken to clear them.

Traffic Problem Solved On Holiday At Park

Granite City policemen were praised this week by Granite City park district commissioners and the commissioners in turn were praised by the police department in the handling of the record-breaking July 4 fireworks display crowd at Wilson Park.

The commissioners, and Recreation Director Harold Brown who was in charge of the four-day park festival, said the officers stationed at intersections along Madison avenue, in the vicinity of the park and at Namekoi and Fehling roads kept traffic moving with a minimum of congestion.

Assistant Police Chief Floyd Jeff placed no-parking signs along narrow streets at the park to open them to two lanes of moving traffic.

The officers said the prompt, early start of the fireworks display, which lasted 30 minutes, resulted in many families remaining at the park at its conclusion and elimination of a sudden rush of traffic.

Grover Cleveland was drafted for military service in the War Between the States, but paid a substitute to take his place.

MORE ABOUT Street Work

(Continued from Page 1)

point a citizen group to work with the council on setting up the city's first "citizen night" that the city once had a five-year MET program and "it didn't work."

At the time the mayor proposed citizen participation in such a program, the council indicated it wanted no interference from the public in selection of streets for improvement.

Cuyaga street then was a \$100,000 project. Skubish Presents Resolutions. Skubish took over for Meyer in presenting the five MET resolutions to the council. He was pushing them through on 10-10-3 votes for final approval, when Meyer went into a huddle with the mayor and city attorney and it was brought out at least 11 votes were required for suspension and final passage.

Skubish called for the resolutions to be placed on first reading.

Voting against him were Meyer, White and Alderman Mrs. Gabrielle Beltracchi, although there was no opposition to the proposed improvement for Ralph Jackson, a distance of two blocks from East 27th to 29th street at an estimated cost of \$40,000 for a 30-foot wide bituminous surface and curbs and gutters. It was the street which had been before the council on a petition submitted by the property owners.

Streets submitted by Skubish, for a 30-foot wide bituminous pavements and curbs and gutters were Alexander Jackson, from East 29th street to Edwards road, \$40,000; Myrtle Edwards road, from St. Clair to Leona avenue, \$20,000; Marshall avenue, from Faith avenue to Victory drive, \$20,000; and Faith avenue, from Namekoi road to Marshall avenue, \$60,000.

Skubish apologized for going directly to the city engineer for preparation of the resolutions, but said the work was more for road water than improved roadways.

"Haphazard" Arrangement

Alderman Betine criticized the city's street improvement program as being "haphazard" and other callers called upon the engineer to "get busy" and prepare plans for resurfacing 18th street between State street and Madison avenue, which had been approved by the council several months ago.

Alderman Nonn said the engineer was underpaid and overworked.

The two-year debate on pay increases for city hall office employees was continued Tuesday night as Mayor Davis submitted a handwritten ordinance calling for the \$53 monthly pay in creases.

Nonn protested, "I'm for raises but not \$53. We told the library board to hold down. A \$3 raise is enough. If the women don't like it, let them strike. In giving raises for 35-hour-a-week employees, we're setting a precedent. Next year, the other departments will be asking for raises and 35-hour work week."

\$50 An "Adjustment"

Alderman Frank Vesel said the \$50-a-month was an adjustment, not a raise, since other city employees were given \$35 increases in the past two years. Mayor Davis again repeated "discrimination" in not granting increases to all city employees. The ordinance was placed on first reading, opposed by Alderman Nern, David Farney, Arthur Wlezier and Samuel Whitmer. Mayor Davis added his "aye" vote.

The increases proposed, which are included in the new budget adopted last week, are—mayor's secretary from \$334 to \$384 a month, switchboard operator, \$311 to \$361, assistant comptroller, \$362 to \$412, and the deputy clerk in the city court and police magistrate's secretary, \$250 to \$300.

Also proposed are increases from the present \$150 an hour scale to a \$180 rate for part-time employees, including the assistant tax collectors and the sewer rental clerk. Other temporary employees, such as those who type tax bills, would remain at \$150 an hour.

A social time was enjoyed after a business meeting. Luncheon was served by the hostesses, Mrs. Florence Spahr and Mrs. Elizabeth Wisniewski, to Mrs. Mary Maers, Mrs. Maxine Coffey, Mrs. Violet Baker, Mrs. Louise Lewis, Mrs. Jessie Henderson, Mrs. Veronica Kula, Mrs. Mary Brick, Mrs. Mary Ilvay, Mrs. Marie Stawar, Mrs. Hazel Hinson and Mrs. Ann Bialczak. The next meeting will be held Aug. 1.

Mrs. Shirley Kattenbraker was hostess to the Beta Gamma club in her home, 4 West Bridge drive, Belleville, Tuesday evening. The business meeting was opened by the president, and the group made plans for a traveling basket and sale of dish cloths.

A game period was held, and prizes were awarded to the winners. Cheese and potato chips were enjoyed by Mrs. Corry, Mrs. Evanoff, Mrs. Jannie Weeks of Collinsville, Mrs. Ruth Weeks of Collinsville, Mrs. Kathryn Jones, Mrs. Jackie Frizzell, Mrs. Marie Blest, Mrs. Nancy Leary, Mrs. Delores Bancroft and the hostesses.

Home-made ice cream and pie were served at a late hour. Mrs. Bancroft will entertain the club members in her home Aug. 2.

Mr. and Mrs. Clarence E. Blackburn, 2024 McCasland avenue, returned early Tuesday morning after spending the holidays in Kansas City, Mo., where they were house guests of an uncle and aunt, Mr. and Mrs. E. W. Blackburn and family.

Mrs. Ella Webb and Mrs. Opal Fogie and grandson, Ricky Hooper of Madison, motored to Winchester, Ill., Sunday and returned to Madison Monday evening. They were house guests of Mr. and Mrs. Olin Clark.

LEAVE FOR MICHIGAN Mrs. R. A. Blackburn of Detroit, Mich., left Tuesday for their home after spending several days visiting relatives in Illinois and Missouri. Those visited in Madison were a brother and sister-in-law, Mr. and Mrs. Harvey Blackburn, and children, Mildred and Bobby, 1224 Iowa street, and a nephew and niece, Mr. and Mrs. Clarence E. Blackburn, 2024 McCasland avenue. R. A. Blackburn's father is B. A. Blackburn, accompanied the family on a trip to Kansas City, Mo., where he remained for an indefinite stay with another son and daughter-in-law.

Mark Edward, son of Mr. and Mrs. Edward J. Courry, 1623 Sixth street, Madison, was christened Sunday afternoon at St. Mary's Catholic Church, with Fr. Michael officiating. Mrs. Vincent P. Courry of South Holland, Ill., a sister-in-law of Mr. and Mrs. Courry, is the godmother and John Shallock of St. Louis is the godfather for the seven-week-old infant.

A buffet luncheon was served to approximately 25 relatives and friends at the Courry home. Grandparents of the infant are Mrs. Mary Pozokov of Madison and Mrs. Esther Courry of St. Louis. Mrs. Courry formerly was a member of the former Miss Kathryn Pozokov of Madison.

Tri-City Post No. 113, the American Legion, will hold a meeting to amend the by- laws on Tuesday, July 12, at 8 p.m., 24th and Madison avenue.

Unions To Meet July 30, Discuss New Members

All local unions will be represented at an all-day meeting here July 30 of the regional AFL-CIO to discuss organization of non-union members in this area. Ed Reiske, president of the local Trades and Labor Council, AFL-CIO, announced after a meeting last night.

Council officers and delegates to the July 30 meeting will be elected at the meeting, July 26. The three groups whose unionization will be stressed at the meeting are the local "white-collar," hospital and county and municipal workers.

The local meeting, to be held at the Labor Temple, follows national and state conventions on organization, and will be handled by Daniel Healy, regional director of the AFL-CIO, from Chicago, Reiske said.

There are about 15,000 airline stewardesses in the United States today.

Chiefs Edge Spengler Oil For Park Tourney Title

Rally For 3-2 Win In Final Game; Exterminators Consolation Champs

The largest crowd to witness a softball game here this season packed the bleachers at the Wilson Park diamond and lined the rails down each foul line Tuesday night to watch the Alton Falstaff Chiefs overcome a two-run deficit and go on to defeat Spengler Oil 3-2 in the title game of the Granite City Park district's annual invitational softball tournament.

Earlier in the evening, Modern Exterminators of Granite City had staged quite a rally themselves, scoring two runs in the seventh inning to grab consolation honors from the Frisco Railroad squad of St. Louis, 3-2.

Take Early Lead
In the championship contest, Spengler Oil took a quick 2-0 lead in the first inning when Don Crabtree singled with one out and scored on Conrad "Babe" Champion's double when Alton catcher Leon Chappell dropped the ball as Crabtree slid across the plate. Champion took third, and scored on a fielder's choice.

Chiefs' pitcher Dean Calvin shut out the local squad on three hits the rest of the way, and the Altonians began pecking away at the lead.

They scored once in the second on two infield errors and a pair of well-executed sacrifice bunts and tied the game in the sixth on a walk, sacrifice and Bob Burmaster's solid shot up the middle.

Another error — Spengler Oil committed five — led to the winning run in the seventh. Pitcher Chappell led off with a single, but losing pitcher Carl Glisson got off the hook for the moment when Chappell was forced at second.

An infield boot put runners at first and second, however, and Don Plarski, hitless in two previous trips, drove in the deciding tally with a smash to centerfield which Ron Dillard got his glove on but could not hold.

Weiss Honors
Modern Exterminators were held scoreless by Frisco Railroad hurler Bill Miller for 3½ innings until Chuck Weiss bashed a solo home run in the fourth to give the local squad a 1-0 lead.

Frisco came back to tie the game in the bottom of the fourth on Clem Mueller's one-out triple.

and Bob Brueggemann's sacrifice fly, and then took a 2-1 lead in the next frame when Charlie Cox opened the home half with a two-base hit and came around on an infield error and fielder's choice.

Page Ties Game
Exterminator hurler Bill "Satch" Page, who twirled five-hit ball, drove in the tying run himself in the top of the seventh. Page singled after Bob Jones chipped in with a one-base knock, and Bill Landy doubled to put runners at second and third. Leadoff batter Bob Crider then put the Exterminators ahead to stay with a sacrifice fly that scored Landy.

Page set the Railroaders down in order their final time at bat. Erv Rogers, who relieved Miller with one out in the seventh and gave up Page's single and the deciding sacrifice fly, was the loser. Miller had allowed five hits up to that time.

Following the championship game, consolation, second and first-place trophies were awarded by park board President Barry Loman and park Commissioner Clarence Baumeyer, while individual trophies presented to each member of the championship team were given out by Miss Suzanne Lexow, newly-crowned "Miss Granite City."

The tournament was arranged and conducted by park Recreation Director Harold Brown.

CAUGHT IN RUNDOWN between third and home in the first inning of Tuesday's championship game in the park district's invitational softball tourney, Spengler Oil Third Baseman Art Borchers braces for collision with Alton Chiefs' Catcher Leon Chappell, who tagged the runner out. At left is Chief Pitcher Dean Calvin. The Alton squad won the title game 3-2.

Finder Pockets Cash, Sends Papers To Loser
When the postman arrived yesterday at the home of Walter Bernaix, 18, son of Mr. and Mrs. James Bernaix, 2300 West 24th street, his delivery included an envelope containing Bernaix's draft registration card, driver's license, plus other papers of the sort carried in billfolds.

Bernaix lost his billfold Monday in Wilson Park, he told Granite City police. In addition to the papers, it contained \$10, apparently pocketed along with the wallet by the finder. The anonymous envelope was postmarked East St. Louis.

Bids Sought On Second Phase Of Madison Drainage

Bids are being sought by the East Side Levee & Sanitary district on the second phase of a new Madison stormwater drainage trunk line which will extend through part of Venice to the Mississippi River.

The bids will be accepted at the levee district office, 2642 McCasland avenue, East St. Louis, until 10:30 a. m. (DST) Friday, Aug. 19, at which time they will be publicly opened and read.

The work to be placed under contract next month is Section C, a 78-inch-diameter pipe running from Klein street, east of Klein street, Venice, and a loan from Madison's surplus funds. The main trunk line will be paid for by a levee district bond issue.

First Contract Awarded
First contract was awarded to the General Contracting Co. this spring on its \$274,498 low bid on Section B, a 78-inch-diameter pipe running from Klein street, westward to the present Madison pumping station and an 84-inch line from the pumping station to a point 1000 feet west of the southeast corner of the Army Engineer Depot. The Depot property will be given access to the new line in exchange for a federally-financed pumping station.

The westernmost end of Section B will be about 750 feet short of reaching the new station to be built by the federal government.

Right-Of-Way Being Obtained
It is hoped to begin work on both Sections B and C this summer, the Press-Record learned this week at the levee district office. The start of the B project has been delayed by right-of-way acquisitions which are expected to be completed soon.

In calling for bids on Section C, the levee district announced that plans and specifications are on file in its office. A check for 10% of the amount of the bid must be deposited by all bidders, who also must provide written statements of their experience, available equipment and financial resources by Aug. 4. The successful bidder will be required to furnish a performance bond.

The Madison drainage program, expected to take at least a year and a half to finish, will include a ditch from the river to the new pumping station, a 72-inch pipe along Madison avenue,

Jaycee Fishing Rodeo To Be Held Aug. 20

The Granite City Junior Chamber of Commerce Wednesday night set Aug. 20 as the tentative date for its annual fishing rodeo, and organization to attend their next meeting, Thursday, July 14, at 8 p. m. The meeting will be at the Elks club with Earl Parsons presiding and 20 members present.

The Jaycees also appointed two public relations men, Fred Frame and Higus Anadorian, for the new Miss Granite City, Suzanne Lexow. Any organization or business wishing Miss Lexow for personal appearances may contact the Jaycee office.

County Health Dept. Advocates Meet July 14

Supporters for a Health Department for Madison county are asking representatives of every club, business, profession and organization to attend their next meeting, Thursday, July 14, at 8 p. m. The meeting will be at the Elks club, 1529 Niedringhaus avenue, Milton Morris, member of the planning committee, said.

Benefits of the proposed health department to all local groups will be outlined and discussed.

FRANCIS DANT, head football and baseball coach and athletic director at Madison high school, who has been named principal of the new Harris grade school in Madison.

Dant Named Principal Of Harris School In Madison

Francis "Pat" Dant, head football and baseball coach and athletic director at Madison high school, was named principal of the new Harris grade school in Madison during a special session of the Madison school board Tuesday night.

Dant's appointment becomes effective immediately, and leaves vacant the two coaching positions at the high school. The board of education is to name a successor or successors to Dant before the fall term begins.

The board acted on the recommendation of Supt. Wensel Brown in appointing Dant to his new position. The coach was one of five applicants for the job, and had sought the position of principal at Madison high school last year.

The Harris school position has been vacant since Roy Drach, former principal there, became assistant county superintendent in the office of County Supt. Wilbur R. L. Trimpe in late May.

Dant, a native of Madison, has been in the Madison school system since Feb. 1, 1951, when he was employed on a half-time basis to coach baseball and teach social studies in the high school.

In June of that year he was employed full-time, and in 1953 he was named head basketball and football coach. Under his direction that year, the Trojan basketball squad reached the quarterfinal round of the state tournament at Champaign.

In July 1956, Dant was named athletic director of the high school and became head football and basketball coach. His football teams won three Midwestern Conference championships.

At Tuesday's meeting, the board also voted to eliminate the title of athletic director at Madison high school, effective immediately. Supt. Brown said the designation "was not a position, merely a title." The coach holding the position in the past was paid \$100 in addition to his regular salary.

Brown added that in the future, each coach in the school "will be responsible for his own area, under the supervision of the high school principal, who is the school's representative to the Illinois High School Association."

The principalship of Harris school will be Dant's first administrative position in the Madison schools. Supt. Brown said Dant has the experience and training necessary for the job, and is "completely qualified" with master degree and teaching certificate.

Young Tennis Players Earn Berths In Nationals

Two young tennis players from Granite City turned in performances this week in regional championships which earned them berths in the national championship competition later this month.

David Moss of Granite City and his 16-year-old partner, John Parker, qualified for the national junior finals by winning quarterfinal round matches in the boys' 18 division of the Missouri Valley championships at Omaha, Neb., and are scheduled to compete in the championship semifinals tomorrow.

Gay Mueller and her doubles partner, Mary Ann Eisel of St. Louis, also will play semifinal round matches at Omaha tomorrow in the championship bracket.

The national junior boys' matches will be held at Kalamazoo, Mich., July 26 through 31, and the girls' matches at Cincinnati, O., on the same dates.

Miss Mueller is also an entry in the consolation bracket semifinals in the girls' 15 and girls' 18 divisions, which will be played this afternoon in Omaha.

Granite City's Bill Logan and Mike Barnes, who also made trip to Omaha, reached the quarterfinals in the boys' 15 doubles before being eliminated. Logan also reached the quarterfinals in the boys' 15 singles.

Registration For 'Y' Summer Program
Registration periods for the second portion of the YMCA's summer recreation program will continue through the remainder of this week, the YMCA announced today.

The summer classes for boys and girls aged eight through 15 include recreational swimming and water games, swimming instruction, physical fitness and recreational gym classes, a course in junior lifesaving, a basketball clinic, basketball league play, a baseball clinic and a tennis clinic.

Cost of participation in the summer program is \$6 per person. An entire year's membership in the "Y" program, and a youngsters to participate in fall and winter activities as well, is offered at a cost of \$9.

Meadow Heights, Emmanuel Win Baptist Games

Meadow Heights defeated Baptist 13-9 in a game marred by 14 errors, and Emmanuel topped First Baptist 17-4 in two games played in the Baptist Slow Pitch Softball league Tuesday night at Lee Park in Venice.

Home runs by Jim Cobb and Ray Watson were spaced among Meadow Heights' 15-hit attack. Bud Williamson had three hits for the winners, while Norm Cook, Russ Smith and Bill Randolph each had two off losing pitcher Bob Harris. Frank Knight and Dan Zlaty each homered for Calvary and John Jivins had three hits in three trips. Randolph was the winning pitcher.

Emmanuel went home run crazy in the second game. Ted Barr, Ron Parker, Ron Harper and John Schultz all hit round-trippers for the winners, and Emmanuel picked up 16 safeties in a 4-for-4 evening. Bill Smith hit a pair of four-baggers for First Baptist.

Stan Manning allowed six hits and was the winning pitcher. Emmanuel picked up 16 safeties off loser Paul Baker. Tonight, Grace meets Suburban in a make-up game at 7 o'clock, and the 8:15 game will match Suburban and Second Baptist.

Homers Fly Thick And Fast In Senior Teenage League

Five homers which drove in a total of 11 runs exploded off the bats of players in the Granite City park district's Senior Teenage Softball league last night as the Warriors ousted Rock Club 21-11 and Rick's Market dumped the Bombers 20-5.

Norville Baker connected for the Warriors with a mate aboard, and teammate Pat Schumann had a three-run homer. The Warriors had 23 hits off losing pitcher Bill Fowler. Clyde Meyers, who allowed nine hits, was the winner. Rock's Ralph Chapman accounted for two runs with a homer for the losers.

Winning Pitcher Bob Hofek and Jim Schardan each hit for the circuit with a teammate on base for Rick's Market in the second game, which was called after 4 1/2 innings of play on the basis of the 10-run lead rule. Rick's scored six runs in the second inning, and seven more in the third.

Losing Pitcher Bill Stull gave up 19 hits, and Hofek allowed nine.

No-Hitter Pitched
In Ty Cobb League

Don Anderson pitched an abbreviated five inning no-hitter last night in the Ty Cobb league as the Bantam division of Granite City park district baseball defeated as Barney's Mugs 26-0.

Anderson missed hurling a perfect game by walking one batter. He struck out eight, and had a triple for the winners. The Mugs had a total of five extra-base hits, including a home run by John Kirk.

Youth Swim Classes Full; Adult Group Still Open

Rosters for free swimming lessons for 400 boys and girls in the Granite City park district are now complete. Pool Manager Robert Miller said today, adding that no more registrations would be accepted.

However, Miller continued, in the adult women's swim classes, the Bantam division of Granite City park district is still available. Eight women have signed up for instruction from Miss Emily Donoff.

The pool manager said he was "extremely pleased" with the large turnout of boys for instruction at the pool's opening session yesterday. He hoped the initial girls' lesson, today, would be equally as good.

Boys' swimming instructors are: Pete Wimmering, Jim Alsop, Jim Koser, Jack Bickel and Glen Cornelison. Teaching the girls will be Terry Polley, Wanda Laparush, Mary Lou McCarty and Emily Donoff, who will also be in charge of adult instruction.

Miller said the only charge for adult swimming lessons would be the regular fee of admission to the pool, 60 cents.

Senior Lifesaving Courses Will Be Offered At YMCA

Two separate senior lifesaving classes are being offered by the local YMCA on Friday, Saturday and Sunday of this week and on the same days next week, the YMCA reported today.

Class hours on both weekends will be from 6 to 9 p.m. on Friday, 9 to 11 a.m. on Saturday and 1 to 4 p.m. on Sunday. Upon successful completion of the course, the swimmer will become a qualified senior lifesaver and receive the standard Red Cross qualification card.

Requirements for enrollment in either of the two courses are that the applicant be at least 16 years of age and have basic knowledge of the four principal swimming strokes.

Registration for the classes may be made by calling the YMCA, TR 6-7200, before 5 p.m. Friday. Instructor for the courses will be Pete Robinson, assistant men's director.

Union Starch Trips Postmen, Steelers Win

Union Starch and Refining Co. dealt the Granite City Postmen their first defeat of the season last night in an industrial softball league game at Lee Park in Venice, S-4. Granite City Steel Co. topped A. O. Smith Corp. in the second game 8-7.

Union Starch was out 9-6, but got a home run from Norman Burnett, three safe blows from Don O'Shine and a double by catcher Ray Mercer. Post Office catcher Andy Angeloff also had a double, and Don Crabtree a triple. Glen Harrison was the winning pitcher and Bill Wise the loser.

Five of Granite City Steel's eight runs in the second game scored as a result of wild pitches and balks. That A. O. Smith could manage only four hits off winner Jim Childers.

The were divided evenly between Smith's starting pitcher George Martin, who went three innings, and John Lapinski, who relieved on the mound and finished curfew violation July 3; Daniel McNamara, St. Louis, \$20 for refusing to pay the McKinley Bridge toll July 3; and Herman Jann, Alton, \$10 for illegal parking July 3 in the 700 block of Main street.

City Hall Roof Bids Under Study By Solons

Two bids for installing a new roof on the city hall building were presented to the Granite City council Tuesday night and referred to the City Hall committee, headed by Alderman Casner Skubish.

Also referred to the City Hall committee was preparation of a procedure to be followed in calling for work in rewiring the city hall building. Skubish pointed out a local electrical firm had made a survey at the city's request, and a question was asked if other electrical firms could submit bids, using the one firm's

survey. The city has \$300 in its budget to revamp the city hall wiring. On several occasions, because of apparent overloading, the building has been thrown into darkness.

Bids for the new roof were submitted by Madison Roofing & Application Co., \$3400, and Quad-City Roofing & Supply Co., \$4825. Because of the urgent need for a new roof, the committee was authorized to enter into a contract after studying the bids and specifications.

Referred to the Police Committee, also headed by Alderman Skubish, was a \$716 bid by the Motorola Corp. for supplying two-way police radios for the city's three motorcycles. No other bids were received. The city's radio frequency is to be changed Aug. 1 by the Federal Commerce Commission.

Venice Board Orders Bus; Speech Therapist Hired

The Venice board of education moved Tuesday night to purchase a new 48-passenger school bus, and hired a speech therapist to fill a vacancy caused by a resignation.

For a price of \$4965, Wayne Pelke Body Co. will supply the bus to specifications which include a straight shift, heavy-duty generator, booster air brakes, 8.25-20 tires (10-ply), heater, defroster and school name, plus all requirements to pass state school bus inspection. The board will send a man to Richmond, Ind., to drive the bus there.

In moving that the bid be awarded to Pelke, Board member Leo Davinyer voted strong feelings that in the future all bids received that fail to meet specifications be automatically closest to meeting the board's requirements, as well as being the next to lowest bid, it was announced.

Other prices received were from B. E. Hohl, \$4875; Pelke, \$5127; Vogel Meyer, \$5502; Brewer Motor Co., \$5293; and Broadhead Motor Co., \$4995. The board had asked seven firms to submit bids.

New Therapist
The board approved Supt. John O. Pier's recommendation that Mrs. Nadine Brumleve be employed as speech therapist to replace Mrs. Maryanna Ward. Hays, whose resignation was accepted by the board.

Pier said he had conferred with Mrs. Brumleve, that she would accept a starting salary commensurate with one year of outside teaching and that she was "enthusiastic" about teaching at Venice high school.

Bills approved for payment Tuesday included \$1859 in the educational fund, \$7 in the building fund, \$74 in the school lunch fund, and \$8 in the transportation fund. Supt. Pier said bills totaling about \$7200 are still outstanding.

Approve Purchases
In other action, the board approved Pier's recommendation that equipment and supplies totaling about \$2505 be purchased for the coming school year.

Four American-made microscopes will be purchased at a cost of \$117 each, in lieu of seven foreign models at \$79 each.

Other equipment to be purchased includes a filing cabinet at \$65, key rack costing \$31, electric eraser duster at \$48, electric duplicating machine at \$90, storage cabinet at \$72, speech correction tape recorder at \$167, textbooks costing \$200

and science equipment and supplies totaling \$588. The microscopes and other supplies to be determined later are included in \$1200 to be spent in accordance with Title III of the National Defense Act, under which the board will receive \$400 from the state.

Lincoln High Painting
Approved was a \$1755 quotation by Clyde Painting Co. for interior painting at the Lincoln high school building. Roy Musick, head of the board's building committee, said the painting will include the cafeteria, hallways, canopy between school buildings, first floor locker room, library and downstairs restrooms.

The other price received was \$1883 from Rhine Painting Co. Plumbing and plastering work in the Venice high school student lounge was awarded to the Greenstein Plumbing Co., \$445, and Gordon Plastering Co., \$238.

Cafeteria Deficit
Supt. Pier told the board that although the cafeteria cleared about \$1000 in the past year, it was still in the red. The district meat deficit of some \$2000. However, he said some \$600 worth of food inventory is on hand for next year.

On a list of food items for the coming year, a price by the Edgely firm of \$1211 was accepted by the board. Another quotation, by Allen Foods, was lower, \$1195, but omitted several items which when added made it higher than the other amount, Pier said.

Pier added that, altogether, \$5,631 meals were served in Venice schools last year. The breakdown showed 22,306 at Venice, 28,655 at Lincoln and 4670 teachers' meals.

The board approved a motion by Thomas Foley that the activity and revolving fund books be audited. Balances at the end of June were \$1029 in the activity fund and \$675 in the revolving fund.

June Meter Receipts Down From May High

Granite City's parking meter receipts jingled to a total of \$3350 during the month of June. Breaking the figure down to an individual basis, it means that some happy shopper, motoring in the city, plopped an average of nine cents every minute of the hour... every hour of the day... and every day of June's 26 meter enforced days, into one of the city's approximately 550 meters.

The above figures are not completely realistic, however, since meters are not in legal operation on a "round-the-clock" basis. Additionally, the monthly total also includes "tickets" and fines for neglecting to feed the mechanical devices.

Closing out the first half of 1960, a grand total of \$23,337 has been added to the community coffers from meter receipts. Of this grand total, \$19,741 in "fair" condition.

Royer Condition Fair
The condition of Wayne Royer, 23, of 2115a Delmar avenue, who was severely burned Sunday afternoon when his clothes caught fire, is improving, according to St. Elizabeth Hospital officials. He is now listed as being in "fair" condition.

Venice Relief To More People But Costs Down

The lowest monthly expense total since December 1957 was recorded in June by the Venice Township Relief office making it the third consecutive month in which relief costs have been decreasing.

In June, 105 families, numbering 345 persons, sought aid from the Venice office, totaling \$7408. One person is being cared for at the Madison Nursing Home.

Compared to the May figures of 102 families (323 persons) costing \$8697, the number of persons aided has increased while the relief costs have decreased.

Figures for the month of June during the past four years show this one to be the second lowest in total costs. In June 1957, the amount was \$4058; in June 1958, \$11,104; in June of last year, \$11,642.

GC Township Bills Ok'd By City: Total \$1153

Township bills approved Tuesday night Granite City council members in their capacity as the town board of auditors amounted to \$1153, of which \$529 was for relief purposes and \$624 for town purposes.

The town fund disbursements included \$4 postage for the supervisor office, \$20 office expense allowance for Justice of the Peace Mrs. Elvira Thurber and half-month salaries totaling \$600 for Supervisor Leonard Oran, Assessor Von Dee Cruise and Deputy Assessor Mrs. Margaret Hornberger.

Relief fund disbursements were \$75 rent for the relief office, 1808 State street, paid to William Baker; \$11 to Illinois Power Co. for services; \$38 rent paid for a relief patron and \$407 half-month salaries for three office workers—Miss Ethel McReynolds, Mrs. Velma Carralier and Mrs. Ida Gram.

Rev. Surbey At Synod In Cleveland This Week

Rev. J. Surbey, pastor of St. John United Church of Christ, 2501 Nameoki road, is one of the delegates to the General Synod of the United Church being held in Cleveland this week to draft the final version of the church's constitution.

The framing of the constitution is the final step in the union of the Congregational Christian Churches and the Evangelical and Reformed Church into the United Church. The union began in 1957 with the drafting of the basis of union, a general outline of the final constitution.

When the constitution is approved by the General Synod this week, it will be referred to local Congregational Christian churches and Evangelical and Reformed ministerial synods for ratification.

Motorist Arrested

Larry R. Lipe, 16, East Alton, was arrested by Madison police Tuesday for driving onto the sidewalk at 1667 Market street. He posted his driver's license and was released until a hearing Saturday.

Children's Story Hour To Begin Tuesday In GC

One of the coolest spots in town, the air-conditioned downstairs auditorium at the Granite City public library, will be the scene of the annual children's summer story hour series again this year, according to Mrs. Mary Gene Knufinke, program director.

The first story hour will be held Tuesday at 10 a. m., and the series will continue each Tuesday through August and end with a party. Children from kindergarten age through the fifth grade are invited to the programs, which will also feature singing games and record listening.

"It isn't anything like school," Mrs. Knufinke emphasized. "They don't have to register, and attendance isn't taken."

Although it isn't definite what all will be covered this summer, a series of stories by Mag Lindman about three boys ("Snip, Snap, and Snarl") will continue throughout the program. Also all the stories will be told aloud, rather than read, the director said.

This year for the first time films will accompany some of the stories. Two puppet shows will be presented again by Mrs. St. Charles.

Local Cadet Attending Colorado CAP Activity

Civil Air Patrol Cadet 2nd Lt. Victor Morrison Jr., son of Mr. and Mrs. Victor Morrison sr., of 4120 Melrose avenue, departed yesterday for a three-day CAP cadet group activity at the U. S. Air Force Academy near Colorado Springs, Colo.

Selected by the CAP wing cadet advisory council for his record in CAP activities and upon the acquisition of a CAP certificate of proficiency, Morrison will represent the Granite City squadron at the meeting, and will be accompanied by Cadet 1st Lt. John Haynes of Bunker Hill and CAP group commander Lt. Col. Clarence Berksiecker.

Morrison and Haynes were the only two cadets selected to attend the CAP gathering from the group 6 area, which includes Granite City, Bunker Hill, Alton, Mount Vernon and East St. Louis squadrons.

While at the Air Force Academy the cadets, together with others selected from groups across the country, will tour facilities there and attend classes as the guests of the Air Force.

Proficiency certificates are awarded to CAP cadets who have passed examinations on the principles of flight, navigation, weather, airports and airways and problems encountered in flight, who have built and flown model airplanes, attended summer CAP camps and have mastered the phonetic alphabet.

The group 6 CAP representatives flew by CAP wing aircraft from Lakeside Airport here to O'Hare field in Chicago yesterday afternoon, and departed from Chicago for the Air Force academy at 8 a. m. this morning. They were due to arrive at Colorado Springs late this afternoon.

Pfc. Barham Transferred To Okinawa With Unit

Army PFC John Barham, 18, son of Mr. and Mrs. Paul M. Barham, 2024 13th street, was transferred to Okinawa recently with other members of the Second Airborne Battle Group, 503rd Infantry.

Barham, who attended Madison high school, is a gunner in the mortar battery. He entered the army in September 1958 and received basic training at Fort Leonard Wood, Mo.

Minor Collision Tuesday

An auto driven by Harold O. Reutebush, 38, of 2262 Cleveland blvd., was involved in a collision Tuesday afternoon with one driven by Rose Wilkerson, 70, of 809 Jefferson, West Madison, as Reutebush was traveling east on Third street and Wilkerson was pulling away from a curb in the 1600 block of Third street, Madison police reported. Both vehicles were damaged.

75% Tax Collection In Nameoki Township

The total tax amount collected in Nameoki township through the July 2 deadline was \$509,969 or approximately 75% of the \$677,760 total tax bill, Harold Mass, township collector said today.

First installment penalties are being assessed as of July 2. William Carson, chief deputy tax collector for Madison county reported. One per cent per month will be added for unpaid first installments until Sept. 1 when the second installment is due. Penalties for overdue second installments will be the same. If both are unpaid, the penalties will be combined.

The 75% collection is normal, Carson said.

Mervin Shearburn, 53, Former Resident, Dies

Former resident Mervin (Dick) Shearburn, 53, St. Charles, Ill., died suddenly at noon Tuesday of a heart attack. He had not been under medical care and was at work when the attack came. Born in Palmyra, Mr. Shearburn had been employed at the St. Charles School for Boys as a head gardener. He was a member of the Baptist Church in St. Charles.

Mr. Shearburn is survived by his wife, Mrs. Becky Shearburn, a daughter, Mrs. Robert Clark of St. Charles; two brothers, Ivan Shearburn, 2316 Edwards street, Granite City, and Carson Shearburn of Alton; a sister, Mrs. Edith Hicks of Palmyra; and two grandchildren.

Services will be held tomorrow at 1:30 p. m. at a St. Charles funeral home, with burial also at St. Charles.

Hopeful Signs For Taxpayers As Local Governmental Budgets Are Developed

New budgets of the three local cities are shaping up as the summer progresses, and present indications are that they will total \$2,193,712. While this is \$54,002 more than last year's actual spending of \$2,139,710, it is \$151,004 less than the 1959-60 municipal budgets of \$2,344,716.

Generally speaking, spending plans have been increased in all three cities, partially due to pay raises, and the total budgeted is less only because of completion of the new Granite City fire station. Earlier this year, new township budgets were announced, with the \$436,141 total representing a slight decrease despite greater relief allocations.

The Venice park district already has approved a \$61,780 budget, \$5500 less than the previous year's budget but \$24,335 more than actual spending, which traditionally has been lower in that district due to tax objections and settlements. With the bulk of its construction program completed, the Madison school district also expects to be able to trim its budget by \$401,856 to a 1960-61 total of \$1,474,592.

No clear trend has developed as yet, but it appears that many local taxing agencies are yielding somewhat to pay boosts and other cost increases while at the same time attempting to lower overall spending or, in some cases, only the overall budget. While the level of spending is of importance, the budget sets the maximum possible expenditures in any year and also should be kept at a realistic rather than an inflated amount.

More than in past years, there is an awareness of the taxpayer's burdens. This is certainly in order, for it is the taxpayer who keeps the Quad-Cities' governmental agencies solvent, sometimes at a substantial sacrifice.

1960 Will Be Important Year For Quad-Cities United Fund

The year of 1960 will be an important one for the Quad-Cities United Fund, for it will be the first year that the organization has been fully "on its own," with a separate director and a year-around program of preparation for the annual fund campaign.

In supporting or aiding 18 local agencies as well as some national groups, the United Fund is financed by people in all walks of life and in turn helps them in five major areas—general community service, youth and recreation, child care and family casework, health services and the work of national agencies.

Services of the United Fund's member agencies are so important and so widespread that it is difficult to adequately assess their contributions to the community in a few words. Between now and the time of the 1960 drive in October, the Press-Record will report on activities of the UF agencies in a series of news articles.

The public showed great interest in the United Fund last year as the campaign went "over the top." There is expected to be keen interest again as the agency budgets and drive goal are established. It is summer and as the many services performed are explained in connection with solicitation of funds this fall.

More Training To Understand Foreign Cultures Being Urged

While 1,500,000 Americans were living and working overseas last year, more than twice as many in Nebraska, most were unprepared for life abroad, the Carnegie Corporation has concluded during its current series of studies of the American educational system.

While most tend to think that "being themselves"—friendly and straight-forward—is the way to win a people's heart, the report comments that "Americans do not realize that what they consider normal may be irritating to others." Uninformed goodwill ambassadors cannot understand a foreign country's philosophy and are led to deal with those foreigners who are most "westernized" and thus least representative of their society and its true opinions, the report says.

An example cited is that in some eastern countries, a native may agree to a business transaction merely to

"save face" for the other person. Americans, with a stark concept of truth, sometimes have difficulty accepting such relative values. Yet, to do business abroad, they must learn to differentiate between a "yes" that means yes and one that means "no," the study showed.

Another comment heard often from foreign nationals is that they "resent your taking for granted that the highest aspiration for any people is their desire to be like Americans." While it is true that Americans want more widespread freedom and democracy, and that they want to help bolster the economies of non-Communist nations, they are urged to accept and respect the unique culture of each foreign country.

United States aid, information and intelligence programs are vital and probably are proving more successful than some notable exceptions would suggest. But the Carnegie report cites a need for broader education and more thoughtful selection of overseas employees.

It would be well for Americans to realize that people of foreign nations have differing outlooks, and more detailed exploration of this field would be a wise addition to college programs, if it is not feasible for lower grades. The "one world" concept is far from attainment, but the days of isolation from the rest of the world have been permanently left behind.

Polio Season Here, Half Of People Have Not Obtained Protective Shots

The polio season has arrived, and again this year it must be said the appalling ailment will take a heavy toll in death and disabling. Although an effective vaccine has been developed, about half of the American population has yet to take an initial vaccine inoculation.

It is among this half that polio will cause unnecessary suffering. Over 5000 persons were paralyzed in 1959, and it has been estimated that the vaccine saved an additional 9000 persons from paralysis. Now, the pattern is being repeated, with the first 1960 cases reported in scattered sections of Illinois and other states.

Although new vaccines are on the horizon, and are being used both in the United States and Russia, those who have not yet received Salk vaccine should see to it that they and their children are protected. To be stricken with polio at this stage of vaccine development would be doubly tragic.

Venice Library To Add Storage Area, Auditorium

The Venice library addition of which construction is to be started this summer will afford an auditorium and additional room for storage and office quarters.

Frank DeWitt library board president, announced this week the project will include general alterations and additions to the present public library at 325 Broadway, as well as plumbing and electrical work. The contract will omit heating and air-conditioning work, which is to be carried out separately.

Bids will be accepted until 7:30 p.m. Thursday, July 28, at which time they will be publicly opened and read at the library building.

Plans and specifications are available at the Venice city hall. The plans have been drawn up by a St. Louis architectural firm, DeWitt reported.

The project was initiated during the tenure of Richard Kraft, former library board president, who has continued to consult with DeWitt and the other board members. With no basement in the library, which was completed in the early 1950's, storage space has been the primary problem.

The addition at the back of the building is intended to correct this as well as enabling the present main room to be used primarily as a reading and reference room.

Children's "story hours" and similar programs are to be transferred to the addition, which will have seats and a small stage. The new auditorium will be suitable for meetings by various organizations and civic groups, DeWitt explained, adding that it will have a separate entrance.

Gibson Leaving For National Demo Meeting

Robert Gibson, president of the Young Democrats of Illinois and a member of the National Committee of the U. S. Young Democrats, will leave tomorrow for Los Angeles, Calif., to attend a meeting of the national committee prior to the start of the Democratic party national convention.

He will meet with other members of the Young Democrats committee at a hotel in Hollywood and will participate in the party's national convention.

Gibson, who lives at 2826 Nameoki road, also is city chairman of the Granite City Democratic Committee and president of the Granite City Housing Authority board of commissioners. He holds the position of state community services director for the AFL-CIO organization.

Hit-Run Accident

A parked car belonging to Wallace Dandridge, 34, of 525 Mercedola street, Venice, was damaged Tuesday afternoon in the 1900 block of Madison avenue where it was struck by a truck-tractor traveling north. A witness gave police a Missouri license number which he said was on the red tractor that sped away from the scene. There was damage to the left side of Dandridge's auto.

Fines Total \$10

Fines totaling \$10 and costs were imposed yesterday on Josh Evans, 32, of 2809 Dale avenue, who appeared at the police station in response to a warrant filed by Betty Welsh, charging assault and creating a disturbance. He pleaded guilty before Police Magistrate Gasparovic and was fined \$5 and costs on each charge.

Woman's Hand Cut On Power Mower Tuesday

Three persons were given emergency treatment Tuesday at St. Elizabeth Hospital.

Ten stitches were required to close cuts on the left little and ring fingers of Mrs. Dorothea Gaumer, 32, of 2831 Spaulding avenue, who was injured by a power mower.

Ray Lane, 18 months old, son of Mrs. Joan Lane, 616 Lincoln avenue, Venice, was given stomach treatment after he had swallowed a small amount of roach powder. Freddie Wicker, 11, the son of Virgil Wicker, 1332 Meridian street, complained of pains during the night after he had fallen at Wilson Park. X-rays were taken and he was released.

Vandals Damage Long Lake Fire Station

Vandals broke into the Long Lake fire hall early this week, smashing the hall with broken bottles, kicking in door panels, and smashing windows.

The damage, estimated at \$200, was not discovered by volunteer firemen until after their return from an intensive early morning search of the lake for the body of 15-year-old Steve Rose Riddick, who had fallen into the dark waters and drowned earlier.

Assistant Fire Chief Jack Harper said the malicious pranksters had gained entrance to the hall by leaving a brick through a rear window.

The rear door of a building which housed the fire and rescue equipment was also forced, they added, and two mounted lights on the fire truck, valued at \$40, were stolen.

Irate firemen were plainly disturbed at the wanton destruction, urgently needed to save lives.

Group To Coordinate SIU's SW Campus Formed

A group involving local governmental agencies and Southern Illinois University has been formed to coordinate planning by these agencies in connection with development of the university's Southwest campus at Edwardsville.

Named the Inter-Governmental Liaison Committee for Planning, the group meets at the SIU administrative office near Edwardsville with representatives of the Edwardsville City Council, the county board of supervisors, the Edwardsville Plan Commission, and the Madison county Citizens Planning Committee.

Also represented are the Edwardsville Community unit school district, Kincaid & Associates, the planning firm retained by both the Edwardsville city council and Madison county board of supervisors; Hare & Hare, the planning firm retained by the university; and Southern Illinois University.

Members of the group plan to coordinate their activities as they pertain to city governmental services, land use, and area roads and highways servicing the SIU campus site, Edwardsville and surrounding area.

The group, which meets regularly on the fourth Thursday of each month, will not hold a July meeting.

Son Born To Lt. And Mrs. James West

Announcements have been received of the birth of a son, their first child, to Lt. and Mrs. James E. West of Big Spring, Tex. The baby arrived July 2 and his weight was seven pounds, 11 ounces. He has been named David Carl.

Lt. West will complete pilot training at Big Spring July 22 and with his family will spend some time here with his parents before leaving for a three-year tour of duty in France. He was graduated from the Air Force Academy in Colorado with the first class in June 1959.

Concrete Mixer Overtures

A concrete mixer truck overturned at 9:30 this morning at the intersection of Maryville road and St. Clair avenue. The truck, owned by the Paul See-bel Concrete Co., 2406 West 23rd street, was carrying 4 1/2 yards. An official report had not been made to Granite City police at publication time, but personnel of the concrete company said the driver was not injured.

Library To Cancel Purchase Of Second Bookmobile

Granite City library board members informed the city council Tuesday there were no objections to the \$10,495 cut in the library's budget for 1960-61, and that the slash can be absorbed by postponing the purchase of a second bookmobile.

The council, in an economy move during its June 27 meeting, moved the cut in the library budget and adopted the city's overall budget in the amount of \$1,458,447.

Legality of the reduction, which was initiated by Alderman Casner Skubish, was questioned by the library board and opposition was anticipated at Tuesday night's council meeting. However, city officials were notified before the meeting the library board would accept the bookmobile and expenses of its operation and equipment from the library budget.

Re-appointment of three library board members by Mayor Davis was confirmed by the council Tuesday night. Renamed to serve from July 1, 1960, to July 1, 1963, were Judge Fred P. Schuman, Henry George and Mrs. Vina Rode.

Woman, 26, Fined \$145 On Six Charges

Fines and court costs totaling \$145 were imposed yesterday on Mrs. Ruth M. Howard, 26, of 1709 State street, who pleaded guilty to six charges placed against her Tuesday night by police and Mrs. Elaine Barr. In addition, she is to pay \$3 for repairs to a torn pocket on the trousers of Detective Michael Devine.

Mrs. Howard was arrested at the Barr home, 2533 Pontoon road, after police received a complaint about 11 p.m. that someone was pounding on the door. Police charged Mrs. Howard with being drunk, resisting arrest, assaulting a police officer and destruction of personal property — the officer's trousers. Charges filed against her by Mrs. Barr were creating a disturbance and using profanity.

Prowler Complaint
Granite City police answered a prowler complaint about midnight Tuesday in the 2000 block of Delmar avenue. No description of the prowler was available and no suspects were located.

BRIDGE APPROACH CURBING is being constructed in connection with remodeling of the McKinley Bridge. This view shows the concrete curb structure being installed adjacent to the half of the Venice approach that formerly had street car tracks. An earth embankment is shown at the right. In the background are the Union Electric Co. power plant and the main section of the bridge.

By Edward Collier

Rig, glittering and rich—this is Houston, metropolis of south Texas. Starting at the huge Coliseum and Music Hall, a pleasant Magic Circle auto tour includes the exclusive River Oaks district with its modern southern colonial mansions; the colorful campus and 70,000-seat stadium of famed Rice Institute; the \$100 million Medical Center, pride of the city; Hermann Park and its Nature

Trail, summer symphonies and Museum of Fine Arts. Driving south, the first objective is San Jacinto Battlefield and the impressive shaft that is higher than the Washington Monument. Here, General Sam Houston's small force defeated twice its number of Mexican soldiers to win independence and establish the Republic of Texas. Nearby is another Lone Star State shrine—the U.S. Battle-ship Texas.

From gay Galveston—city of festivals, bathing beauty contests and sports car races—the route leads across the free state ferry to Bolivar, a delightful 20-mile drive along the breezes of the Gulf of Mexico, then through the giant and photogenic oil refineries of Port Arthur and Beaumont. There is an outdoor museum at Spindletop, outside Beaumont, where the world's first "gusher" came in 1901.

Two Persons Hurt In Area Accidents

A small boy, two-year-old Gary Lynn Jordan, suffered a bruised forehead Tuesday afternoon when an auto in which he was riding, driven by his father, Floyd Jordan, 24, of 1318 Grand avenue, was involved in a two-car traffic accident at 21st street and Madison avenue. The boy was given emergency treatment at nearby St. Elizabeth Hospital. Police charged Jordan with failure to yield right-of-way, and during a hearing yesterday before Police Magistrate Gasparovic, he pleaded guilty and was fined \$5 and costs.

According to the report, Jordan was driving east on 21st street, and the other auto was being operated on Madison avenue by Cecilia Kubeck, 63, of 2229 Madison avenue, who police said was making a left turn. Both autos were towed away.

Auto Passenger Injured
Mrs. Elaine Thompson, 37, of 2717 Lincoln avenue, sustained minor injuries and was examined at St. Elizabeth Hospital emergency room Tuesday following a two-car traffic accident at Lincoln avenue and Kate street.

Police said she was a passenger in a car driven by her husband, Curtis Thompson, 38, who was driving east on Lincoln avenue. The other driver, Fred Sanders, 22, of 2515 Edwardsville

road, who was traveling south on Kate street, was issued an arrest ticket on a charge of failure to yield right-of-way and operating a motor vehicle without a driver's license. He was freed on \$25 cash bail.

You don't have to get up early in the morning to produce a coffee cake. Not as long as there are refrigerated biscuits on hand that you can magically and quickly convert into a juicy moist delicacy to serve for breakfast.

One-half cup of wheat germ is an important ingredient, adding generous amounts of protein, B vitamins and iron to this beginning the day treat.

WHEAT GERM BUBBLE RING
½ cup melted butter or margarine
½ cup sugar
½ cup light corn syrup
2 packages refrigerated biscuits (8 ounces each)
½ cup finely chopped nuts
½ cup wheat germ
Mix together the butter or margarine, sugar and syrup.
Cut biscuits in half; dip each half in the butter-sugar mixture and arrange in a layer in ring mold, using ½ of biscuits. Sprinkle with ½ of the nuts and wheat germ. Top with remaining biscuits. Pour remaining butter-sugar mixture over top. Sprinkle with remaining nuts and wheat germ.
Bake in 400-degree oven until done and lightly browned — 18 to 20 minutes.
Cool in pan 2 to 3 minutes before turning out. Serve while warm. Yield: one 9-inch bubble ring, or 6 to 8 servings.

BREAKING UP CONCRETE BASE of Main street in Venice, this machine is preparing the area for repaving and widening. The improvement, part of the current renovation of the city-owned McKinley Bridge, will include construction of bridge toll stations for six traffic lanes just east of the Venice approach to the bridge.

Caramel-Chocolate Cookie Treat

The dessert problem is more than half solved when you've a batch of homemade cookies at hand, to team up with a fruit in season, with ice cream or with a combination of the two. Both caramel and chocolate chips are used in these chewy drop cookies, with coconut and cereal adding flavor and texture.

Caramel-Chocolate-Coconut Cheesecake
¾ cup chocolate chips
¾ cup caramel chips
2-½ cups corn flakes (well packed but not crushed)
¾ cup sugar
2 eggs, well beaten
1 teaspoon vanilla
Combine chocolate chips, caramel chips, cereal, coconut, and sugar. Mix well. Then add eggs and vanilla and mix well. Let stand 5 minutes. Drop by teaspoonful onto greased and floured baking sheet. Bake in moderate oven (350° F.) 10 to 12 minutes. Remove from baking sheet immediately. (If cookies begin to stick, hold baking sheet over direct heat for a few seconds.) Makes about 8 dozen cookies.

Millers Match Economy Wary of Starch Imports

Quad-City's Union Starch & Refining Co., is a member of the 11-company Corn Industries Research Foundation which has recently expressed concern over the apparent competing starch imports to this country. Foundation Vice-President Floyd J. Hosking said today.

Referring to a recently completed survey, Hosking said that U.S. corn refining capacity now exceeds 200 million bushels, but, he added, that corn refiners or wet-millers are operating at only three-quarters of their daily capacity to grind 665,500 bushels of corn into finished products.

At the first-quarter 1960 rate, duty-free tropical starch imports will total nearly 250 million pounds this year, the concerned Foundation executive pointed out.

Stressing how American corn refiners have geared up their production through process improvement and expansion during recent years, he assured customers in some 60 industries of an ample and continued supply of essential products during the current population boom.

In summation, Hosking said product sales of the corn wet-milling industry — starch, syrup, sugar, oil and feeds — are closely correlated with the output of nondurable goods, such as paper, textiles, bread, confectionery and other food products.

New Venice Park Tax Levy \$53,698; \$7702 Reduction

The Venice park board approved at last night's meeting a combined administrative and recreational tax levy of \$53,698, down \$7702 from the 1959 levy of \$61,400.

The board, with President William Ohlendorf Jr. presiding, levied \$33,698 for general purposes, down \$5702. The district had \$8061 cash on hand at the start of the fiscal year May 1, and this was deducted from the \$41,780 general budget figure for 1960-61.

Under the recreational program, within no remaining cash on hand, the tax levy was set at \$20,000, the same as budgeted levy.

Later in the meeting, the board considered the possibility of obtaining warrants in anticipation of future tax receipts. The money from the warrants, it was felt, will be needed in the immediate future for working capital.

Board Attorney Austin Lewis said he will draw up the necessary legal papers for the sale of warrants prior to his vacation departure in the near future. The amount of borrowing planned was not set.

Continuing previous discussions, Supt. Marion Groshong pointed out that even though the park is in serious need of maintenance equipment, such as a four-wheel drive "jeep," a mower and tractor, used equipment prices seem prohibitive, considering the poor physical condition of machinery offered.

Members of the board agreed that it would be more expedient to continue new equipment investigation rather than to make a second-hand purchase at this time.

President Ohlendorf advised the members that the next regular board meeting will be held August 3.

Attending the meeting were Secretary Leroy Kutz, Miss Marguerite Fecht, treasurer, Board Members Clifford Carver, Board Members Clifford Cowger, Thomas Bruder and John Mitchell, and Ohlendorf, Lewis and Groshong.

200 Legionnaires Await Convention

Nearly 200 local American Legionnaires, their wives and children will attend the Fifth Division convention in Alton, Ill., July 17 and 18 along with representatives from 34 southern Illinois counties.

Numbering 38,000 legionnaires, the Fifth Division expects over a thousand at the convention which will include drum and bugle corps competition, a bowling tournament, flag-burning ceremony, civil defense exhibit, parade and a banquet at the Stratford Hotel at 6:30 p.m. on Thursday.

St. Louis contractor who posed for nine years as a communist for the FBI will speak.

Post 307 will send more than 150 representatives to the convention including 10 delegates—George Wilson, Bob Orassey, Joe Bergrath, Kenneth Hinson, Louis Saucier, Jack Toliver, Robert Douglas, John Bettag, John Gortman and Len Whiteide.

Also participating from Post 307 will be the drill team and a firing squad, the drill team of the Ladies' Auxiliary and the Sons of the American Legion boys' group. Fred Honekamp will be chaplain for the flag burning ceremony.

About 12 members will represent Post 113, including delegates William Cagle, Mel Steiger, Edgar Horton, John Brazier, and the drill team. They will enter the bidding meet.

Arthur "Burt" Harris of Post 113 is in charge of the flag burning ceremony and asks that anyone who has an old flag and would like it disposed of in the proper manner, should contact either Post 113 or himself.

**Reports Planned For
Rotary Governor Visit**

Plans to compile annual reports for next week's visit by the district Rotary governor, Ketric Klingman, were made during a business meeting of the Madison Rotary club yesterday. The club also heard reports on finances and program plans by Joseph Richardson.

Chairman of major committee will be Harry Thebeau, club service, John Sedack, community service, Mike Sasyk, vocational service, and Joseph Purdie, international service. It was announced by William Winter, president, who also made other appointments for the 1960-61 year.

**Boy, 3, With Cut Heel
To Undergo Surgery**

Leland Price, 3, son of Mr. and Mrs. Willie Price, 304 Bell street, was admitted to St. Elizabeth Hospital yesterday for surgery.

The boy cut his right heel on glass. Hospital authorities said today the boy's condition is "fair."

Fifteen sutures were applied to the right knee of Ronald Hutchings, 22, 2224 Grant avenue, who was injured yesterday evening when he became caught under a wheel balancer. Hutchings, an auto body shop worker, was released after receiving emergency care.

MORE ABOUT Mayor Proposes

(Continued from Page 1)

Class B private clubs and four Class C package liquor stores.

Mayor Davis explained the numbers were those now in existence, with the package store limit including the Foster license.

"I don't want any more taverns, there's too many now," the mayor told council members. "All I ask is that you give me some protection by setting limits."

Protests also were made to the setting of limits. A motion to table the limitation ordinance by Alderman Meyer and Partney was voted down. They explained that limits had been set before and there were fights at the council as to new licensees for taverns going out of business.

"We don't want that again," they explained.

Wieser said the limits would prevent "legitimate people" from obtaining licenses. "I don't think we have a right to deny anyone the privilege of going into business. That was brought out when the council tried to limit pinball distributors and create a monopoly," he said.

The limitation would be only a temporary measure, Alderman Basarich pointed out. "Soon, eight new aldermen will be elected and they might change the number. After all, the city is growing and expanding."

Another \$200 liquor bond approved by the council was for Mary Schmidt for operation of an existing tavern at Nameoki and Edwardsville road. Her signers were Wilbert Walkenbach and Edward Schmidt Jr.

Arrests Begin On Late City Auto Tags In Madison

Arrest tickets are being issued by Madison police this week in a drive on delinquent city licenses.

Free until July 1, the windshield tags now cost \$3 for autos and \$5 for trucks, except on vehicles for which the license is sought within ten days of purchase.

In addition to the license fee, those arrested for failing to obtain 1960-61 city licenses will be fined \$5 and assessed \$5 court costs for a total of \$13, the police have announced.

In some cases, the charge has been dropped when an incorrect address on the state license registration cards has been the only reason for delay in obtaining a Madison license. The city licenses are given out only when the registration card shows a Madison address.

Madison addresses, Madison city tags are valued because they afford unofficial free passage on the city-owned bridge.

While several charges have been dropped, the fee effective July 1 is being charged, the police reported. A hearing before Justice of the Peace Louis Kishner has been scheduled tomorrow for James K. Hood, 18, of 75 Garesche Homes, who was arrested July 5 for having no city license. He was freed upon posting his driver's license as bond.

HOLIDAY BIRTHDAY PARTY
Arthur Ringering celebrated his birthday Monday with a party at his home on Rural Route One. A large decorated cake centered the table.

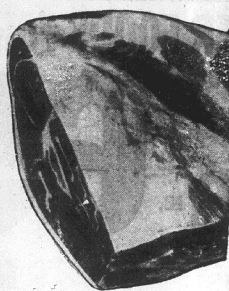

Refreshments were served to Mr. and Mrs. Schley Martin, Mr. and Mrs. Ringering, Mrs. Edna Hackel, Mr. and Mrs. Erwin Ringering and children, Gayle, Carol and Rovanne, Mrs. Harold Becker and children, Schley, Nancy, Mary and Henry, Vickie Poppan, Charles and Susan Ringering and Mrs. Evelyn Ringering. The honoree received many gifts.

HOLIDAY GUESTS
Mr. and Mrs. Kenneth Mitchell had as guests over the holiday weekend Mr. and Mrs. Lesley Housh of Chicago, Mrs. Rose Housh of Hammond, Ind., Mr. and Mrs. Rose Grinnell Cook and children of Cheyenne, Wyo., Mr. and Mrs. Johnnie Mitchell of Jefferson City, Mo., and Mr. and Mrs. Harold Adams and Lawrence Tucker of California.

The following group motored to Carlinville, Ill., for a Fourth of July picnic: Mr. and Mrs. Fred Harrison, Mr. and Mrs. Jack Trower and children, Norma and David, Mr. and Mrs. Hurley Charter and children, Sheila and Keith, Mrs. Virginia Koenenman and son, Roland, Edna Dalger, Charles Cook and Jr. and Mrs. Al Wilhelmy. The tenth birthday of Sheila Charter was celebrated, with a large cake served.

Shirley Roberts returned this week after spending five days at the Baptist Camp at Pinckneyville, Ill., with her Sunday school class.

Mrs. Elsie Edmonds entered St. Elizabeth Hospital Tuesday and underwent surgery Wednesday. Her condition is good.

Sen. Douglas Here For 3-Block Broadway

Parking Ban Voted

The Venice city council voted Monday night to ban parking on Broadway from the city hall corner eastward to the city limits. The action was necessary in order to obtain state financing for resurfacing of Broadway.

The parking prohibition will extend from Klein street three blocks to McKinley avenue, as well as the railroad viaduct area already without parking.

An ordinance adopted by the council authorized Street Supt. Fred Griffin, back at work after undergoing major surgery, to post no-parking signs on both sides of the street. Fines of \$5 to \$300 were listed for violations of the new law.

Another provision of the ordinance makes it illegal to place sewage in the drainage line installed down the center of Broadway during the repaving project, which is currently underway. A blacktop surface is to be added.

In other action, the council approved a street and alley committee report recommending that it stand by its previous decision on a plan for Kerr Island. The city's position is that it will accept the plan but not the streets or that it will accept both the plan and streets if the Madison County Board of Supervisors can be persuaded to guarantee that the streets will be cleared within a year.

At present, houses, sheds, fences, posts and other obstructions are located on the routes of some designated streets, the council noted. A study by the aldermanic committee, prompted by a recent council meeting visit by the owners, showed that the condition have not been materially changed since the council's decision on May 15, 1959.

The new police cars are expected to be delivered at any time. City Comptroller Carl E. Byrnes reported. The council approved a June police report listing 102 arrests and fines of \$488, and authorized closing of Sixth street between Broadway and Lincoln avenue July 15-17 during the annual bazaar of St. Mark's Catholic Church.

The council approved payment of \$55,802 as the third monthly payment to Whiting-Turner of Baltimore, Md., for remodeling work on the McKinley Bridge, and paid \$137 to Dron Electric Co. for relocating two power line poles on Main street.

Fire, Police Appointments
Pend Officials Return
Granite City Fire and Police Commission board secretary, Rollo Winters, said today that appointments to two existing vacancies in the police and fire departments will probably be made in a few weeks, following the return of vacationing board officials.

Single vacancies for regular members exist in the two departments. An assistant appointment to the office of captain will be made from the company roster for the regular candidate has been selected, the secretary said.

Souvenir Diplomas Available At GCHS

Pocket-size replicas of June 1960 diplomas are available at the Granite City high school office for members of this spring's graduating class. Principal Lawrence McCauley reported today that the plastic-coated diplomas, which provide a miniature photographic reproduction of each student's diploma, are given each term by a local bank. The diplomas were delayed this spring, but all have now been received and may be picked up by the graduates.

Home Bureau Trio Unit Plans Variety Of Summer Activities

A one o'clock luncheon preceded the meeting of the Trio Unit of the Madison County Home Bureau Tuesday in the home of Mrs. Mary Markham on Rural Route One.

Fifteen members and 11 guests were present, the latter including Mrs. Ruth Jansen, Mrs. Kathleen Tadlock and the following Four-H Club girls, Ida Mae Weldon, Judy Highlander, Almae Lahr, Laura Jansen, Kathy and Christy Grove, Patty Schillinger, and Elaine and Diana Tadlock.

The program consisted of demonstrations by Laura Jansen, Ida Mae Weldon and Kathy Grove on "Party Sandwiches," "Drop Biscuits" and "Cornflake Macarons," and a skill by Elaine and Diana Tadlock and the Four-H pledge by Patty Schillinger.

Mrs. Clara Schillinger, chairman, who was in charge, read excerpts from the Home Bureau paper, "The Splinter," and announced plans for the Officer Training school to be held Sept. 8, and the Craft Day at the Home Bureau in Edwardsville Aug. 18, when "Textile Designing" will be the craft.

There was also a discussion of plans to attend the Home-maker Camp at Lake Jackson, Mo., Aug. 9, and the National Home Demonstration Council in Madison Wis., Aug. 28 on the campus of the University of Wisconsin.

The unit will tour an organ company, a clock factory and an embroidery factory in Highland in August. In addition to other summer activities there will be a pot luck picnic at 6 p.m. Aug. 18 at the home of Mrs. John Moser on Rural Route One.

The major lesson on "Social Recreation Accessories" was given by Mrs. Florence Rapp and Mrs. Midge Sperry and the group was invited to the home of Mrs. June Lux, 2576 East 27th street for the next regular meeting. Mrs. Elaine Wendler, Home Advisor, will give the major lesson on "When, Why and Where Credit is Useful."

WOMEN OF MOOSE PLAN CHAPTER NIGHT

The Women of Moose will hold a College of Regents Chapter Night next Wednesday, starting at 7:30 in the Moose lodge building, 19th and State streets.

Announcement of the meeting was made by Mrs. Emylee Alford, publicity chairman for the group, who said all members are invited to attend and bring guests.

Rotary Discusses Horse Show, Other Projects

Plans for the coming year were made by Granite City Rotarians at their weekly luncheon meeting Tuesday at new officers assumed their duties. A major topic was the scheduled visit by Rotary District Governor Ketter R. Klingman at next week's meeting.

President Dean Maberry announced that emphasis will be placed this summer on the club's second annual benefit western horse show, to be held on Sunday, Aug. 28. Committees are at work to arrange for the show, which again will be held on a site adjacent to Fehling road.

Motorist Pleads Innocent To DWI Count; Hearing Set

A hearing is scheduled for July 29 for Alan W. Thompson, 43, of 2222 Madison avenue, who pleaded innocent Tuesday before Police Magistrate Gasparovic to a charge of driving while under the influence of liquor. He was freed on \$500 property bond. During the hearing, Thompson, who was involved in a traffic accident on Monday, pleaded guilty to a charge of following too closely and was fined \$10 and costs.

HOLIDAY GUESTS

Mr. and Mrs. Thomas Martin of Breckenridge, Iowa, had as guests Monday Mr. and Mrs. Carl Marks and daughter of Peoria, Ill. Mr. and Mrs. Howard Shelton and daughter, Karen, of Venice, Mr. and Mrs. Joe Verdu and children, Toby, Timmy and Pam, and Mrs. Roy Green and children, Jimmy, Tommy, Becky and Robyn. Jimmy Green has just returned home for his summer vacation. He has spent the winter with his aunt Mrs. Helen Galloway, while going to school in Carbondale.

RETURN FROM VACATION

Mr. and Mrs. Jacob Getteman and children, Gene and Sally, returned Sunday after vacationing in Oldahoma, Texas, Arkansas and the Table Rock Dam in Missouri.

BIBLE SCHOOL TO START

The Pontoon Southern Baptist Chapel will hold its vacation Bible school July 11 through July 22. It will start with a picnic on Saturday at the Baptist recreation center.

A pot luck dinner was held at home of Mr. and Mrs. Albert Strackelahn on Sunday.

Guests present were Mr. and Mrs. Harry Bowler and children, Michael, Steven, Debbie and Diane, Mr. and Mrs. John Stanfill and children, David, Richard, Tommy, Gregg, Mary Ann and Kathie, Mr. and Mrs. Joseph Stanfill, Mr. and Mrs. Leon Jilek and daughter, Lee Ann, Mr. and Mrs. Charles Konnerly and children, Carol and Allen, Mr. and Mrs. Charles Konnerly and children, Charlene and Eddie, Miss Bernice Jilek, Mrs. Kate Vanlier, Miss Helen Heinemann, Mrs. Catherine Jarrett and son, Billy, Miss Margaret Heinemann and Mary Kay, Linda, Paul and Ruth Strackelahn.

Mr. and Mrs. James Hodshire, 3829 B street, and Miss Catherine Trippa returned Monday after spending the weekend at Ava, Ill., visiting his father, Oscar Hodshire.

Retarded Children's Day Camp Concludes

A two-week day camp for 34 retarded children closed a successful season, and reports were given at St. John's United Church of Christ, eliminating a program which included handicraft classes, bowling, group singing, games, swimming and water safety instructions for the youngsters.

Co-sponsored by the Granite City park district and the Granite City Association for Aid to Retarded Children, the program began each day at 9 a.m. and continued until 2:30 p.m.

Participants were divided into four groups according to age and ability, with each group supervised by two or more adult counselors and two junior counselors. Swim classes were held each day and the handicraft program was expanded to make use of better materials.

The children made pot holders, racks, Indian head bands, powder boxes, coasters, coin purses, belts and bracelets. Mrs. William Laycock and Mrs. Frank Kraus were in charge of the handicraft program.

The program committee chairman was Mrs. Kipling Peit, Mrs. Ivan Belleke headed the refreshment committee, Mrs. Eugene Tondre was in charge of equipment and Mrs. Georgia Coe and Mrs. Eugene Tondre were in charge of transportation.

Director of the camp was Miss Vivian Lupardus. Miss Rebecca Gore served as assistant director. The junior counselors were high school students, the adult counselors parents and friends of the children.

Closing exercises were held recently at the church for the children, their parents and friends. Entertainment was furnished by the children who presented skits, songs and dances. A handicraft display was viewed following the program, and refreshments were served to 80 persons.

SIU Summer Session Shows Record Sign-Up

An all time high enrollment figure for summer session registration has been reached at Southern Illinois University, Carbondale. Registrar Robert A. McGrath announced today. He said he expected an additional 75 to 100 registrations for several workshops which have not yet begun.

The totals include 2966 men and 2456 women, with the largest enrollment in the College of Education (1359), followed by Graduate School (1210), Liberal Arts and Sciences (606), and the School of Business (224).

To date, McGrath said, the total of 5422 students represents a 13.5% increase over last year's final summer session figure of 4786.

Not As Simple As It Looks

Scuba Diving Gaining Recognition As Fascinating Underwater Sport

Ever since man discovered he could exist outside his natural earthbound environment, the aid of special equipment, the areas below the surface of seas and lakes have held a special fascination for him.

As early as 2000 B. C., crude types of diving devices were used. Alexander the Great, in 300 B. C. employed the first diving bell for shallow water exploration, a much refined version of which is still used today.

Pacific Island natives early learned to use long hollow tubes to furnish a supply of fresh air while they hunted fish or explored the bottom of shallow lagoons. Others developed almost unbelievable ability to resist water pressure at greater depths and an expanded lung capacity which allowed them to remain submerged for two minutes or longer.

But man had great need for a form of artificial air supply if he was to spend more than a few minutes below the surface of the water. The invention of the diving suit—with air supplied from a compressor on the surface and fed through an air hose to the diver's helmet—came in the late 1800s and, with its perfection during the 50 years that followed, enabled salvage operations to be performed at great depths.

But the diver was restricted by his cumbersome equipment and the length of his air hose. For the individual who wished to dive for sport or to fish, something else again was needed.

Italian Among First

The answer was found in a contained underwater breathing apparatus, commonly referred to today as Scuba. The first practical application of the Scuba principle came in world war II, when Italians donned rubber suits, fins and face masks, strapped a couple of small air tanks to their backs and invaded enemy harbors to plant explosives against the hulls of ships or demolish shore installations.

These underwater demolition teams, followed later by English and U. S. Navy "frogmen," were the forerunners of today's SCUBA diving clubs—a group of individuals joined together with the common aim of diving simply for the fun of it.

Hundreds of Scuba diving clubs have come into existence since world war II in this country and in Europe. The heaviest concentration of clubs in the United States is along the west coast and in Florida, where divers have easy access to ocean waters.

But the local Bubbleman (adult) and Kingfish (teenage) diving clubs, organized here two years ago, are good examples of.

the theory that one does not have to live a stone's throw from a large body of water to enjoy the sport of Scuba diving.

The clubs own more than 5000 worth of diving equipment, including an air compressor to replenish air tank supplies.

Hold Club Dives

Once or twice a month during the summer season, the 18 active members of the Kingfish group or the 25 members of the Bubbleman group lead the Kingfish divers to the bottom of the lake or stream, and go off for an hour or weekend of diving in the area.

The first site of such Scuba diving activities was a shale pit near Edwardsville, where the first club, the Bubbleman group, was organized. The Bubbleman group contains several husband-and-wife teams who, like most members, dive simply for the sport of it. The active roster also includes the names of a bank president, a welder, several businessmen, plasterers, school teachers and a physician. At least three club members have been on salvage dives or use their equipment for underwater wishing expeditions.

Perfect Safety Record

Despite their diversified business and professional interests, club members meet on a common ground and have maintained a perfect safety record since the organization came into being.

This fact is due primarily to the stress placed on pre-dive preparation and attention to safety factors. Club divers must complete a 32-hour course of instruction satisfactorily before they get any closer to the 100-foot depth limit, recommended with present equipment, than the bottom of a swimming pool.

The course, taught by qualified instructors at the YMCA pool, consists of 16 hours of water work and another eight hours of classroom instruction, designed to acquaint the would-be Scuba diver with any conceivable circumstance he might meet within the water.

Candidates for membership cards must clear their face masks, remove their equipment underwater and then replace it and are taught a "buddy breathing" procedure to be used in case the apparatus of one diver fails (which has never been the case).

Basic lifesaving techniques also are taught, together with artificial respiration and the use of self-rescue equipment. The diver is not considered experienced even after the course is successfully completed. If a first ventures into deeper water are closely supervised, since the difference between underwater swimming in a pool and in a lake is considered much greater than the average person suspects.

Open To All Ages

Is there any age limit for membership in one or other of the two local clubs? For all practical purposes, providing the individual is in good health and a reasonably strong swimmer, the answer is no. The youngest local enthusiast is just seven (but swims under very strict supervision), and the oldest is nearly 60. Recommended age for training is 15 or over and in high school. Younger divers are trained only by a parent-child student arrangement.

Equipping oneself for active participation is surprisingly inexpensive, since a number of firms now manufacture approved apparatus and a healthy competition is present in the industry. In fact, a complete Scuba diving outfit (face mask, air tank, regulator and fins) can be purchased in this area for approximately \$105. The price for identical equipment 10 years ago was considerably higher.

The principle of Scuba diving is a relatively simple one, but practicing the principle is something else again—a major reason why novices who purchase a complete outfit and jump into the nearest lake frequently get into trouble.

Scuba Principle

Compressed air fills a tank which is strapped to a diver's back and becomes weightless as soon as he submerges. The air is fed into a regulator, a device which does breathing work of which the lungs are not capable, thus relieving the increased water pressures at depths of more than five or ten feet.

The swimmer slips into flippers for better maneuverability and dons a watertight face mask. The snorkel, a tube which feeds air to the lungs via a mouthpiece.

The swimmer slips into flippers for better maneuverability and dons a watertight face mask. The snorkel, a tube which feeds air to the lungs via a mouthpiece.

The snorkel is a surface breathing device which allows the swimmer to breathe while beneath the water while on the surface and still receive the necessary oxygen to air. It is especially useful for the swimmer who cannot swim underwater area from the surface.

It is also the piece of equipment which results in the difference between skin and Scuba diving. The skin diver does not carry an artificial air supply, but relies on the snorkel.

Urges Instruction

Certain physical of physiological occurrences are present underwater which are strange and sometimes frightening to the novice, one big reason why members of the Bubbleman urge the beginner to get competent instruction before he ventures out to explore the bottom of his favorite lake.

As already mentioned, water pressure makes normal breathing difficult, unless the diver is familiar with his regulator. The delicate eardrums can be easily ruptured by this pressure unless the diver knows how to "clear" his inner ear passages.

An air tank which will provide enough air for a 30-minute underwater cruise at 30 feet will not last nearly as long at 60 feet, again due to increasing water pressure. Rapid vertical ascent from great depths without exhaling (100 feet is as deep as the amateur Scuba diver goes under normal circumstances) can be extremely painful and cause death from lung rupture.

These are a few of the warnings the diver repeats to himself each time he enters the water. There are many, many other safety factors used, all designed to make Scuba diving the safe and exhilarating sport that it today.

Recovery time after a Scuba sport can also serve a

Mercer, McAteer Battle For C Blue Loop Lead Sunday; Sacred Heart Hosts Trojans

The time has come to separate the "have's" from the "have not's" in the Blue division of the Southwestern Illinois Inter-City Baseball League. Mercer, McAteer, Home of Granite City, and McAteer Glass of East St. Louis are the defending champions in the league who have "come on like gangbusters" of late, will meet at 2:30 p.m. Sunday at Jones Park in East St. Louis in a squabble which will determine the division leader—for a week at least.

McAteer Pitchers Tommy Galt and Clyde Blankenship allowed two opposing teams just two runs between them last weekend as the Glasmen swept to their third and fourth consecutive victories and boosted their record to 8-3, identical to the Mercer mark.

The local Blue division crewmanville had its troubles with Sacred Heart pitching on July 4, after cloistering Troy the previous afternoon, and the victory last Sunday was Mercer's only win in its last three outings.

Galt, responsible for two of McAteer's triumphs during the four-game streak, will throw his slowest—a curvy, knuckler and an occasional fast ball—at Mercer Sunday, while Co-Managers Dick Posters and Ollie Miller will counter with right-handed Andy Galt in an attempt to get the Mercer machine back on the track.

The Glasmen, who will take a full game lead into the second half of the Inter-City series, which reaches the midpoint for the first time in the two divisions Sunday afternoon.

Troy at Wilson Park Sunday afternoon, could find themselves in a tight place in the Red loop—provided Improving White City can take the measure of McKeen's team in a night game at the Fletcher field in Collinsville the previous evening.

The Eulken lead the Red division and the Hearts by half a game, and will be in Sun- day, together with State Savings and Loan of East St. Louis. McKeen, however, has an imposing one-game edge in the position column over Sacred Heart.

Grant Palmisano started for Mathews and left the game trailering 3-1 in the sixth. Larry Diak relieved and gave up the winners' final three tallies.

Mathews scored his lone run in the fourth when Diak was hit by a pitched ball and came all the way around on Don Dillard's single, the only safe blow of the game for the losers, who are now 8-3.

The Hilliards scored two in the third after two were out when Willie Lyke walked, Randy Hinkle doubled him to third and Mike Wittlich singled both runners home. They got a single run in the fifth on doubles by Harvey and Hinkle, and one more in the sixth on a single, walked and infield out. Three walks, an error and infield out got runs five and six across in the seventh.

Harvey and Dill combined to strike out 14 Mathews batters. Harvey started strongly, fanning the first seven batters he faced.

VFW could pull that club all even at .500 and go a long way toward insuring its chances for a playoff berth. White City (4-6) and Maryville (3-8) will wrap up Sunday's four-game schedule with a game at White City.

Hilgards End Mathews Win Streak, 6-1

Belleville's Hilgards, leaders in the southern division of the 22nd and district American Legion baseball league, handed Mathews Chevrolet, the southern division's top team, its first defeat in nine games Tuesday afternoon at Lee Park in Venice, 6-1.

Smith Plant Changeover For '61 Starts July 15

The A. O. Smith Corp. auto frame manufacturing plant will be completely shut down for its annual change-over operation by July 29, a company spokesman said today.

Stressing that this has been a "good year" with plenty of overtime in May and June, officials could foresee no financial troubles for its vacationing employees.

The shut-down operation will begin on July 15 with a temporary layoff for approximately 150 parts department personnel. The following week about 250 more employees will be relieved. And by July 29, the full production complement of 600 workers will be on vacation. The shut-down is an annual occurrence to changeover production lines for new model autos.

"It is expected," corporation spokesman said, "that a small call back" will be made on Aug. 15, when approximately 75 parts department workers return to their jobs."

The following weeks, they add, should see an increased employee return until full employment is reached around Sept. 15.

GCMS Class Of 1955 Plans August Reunion

The Granite City high school class of June 1955 has made tentative plans for a class reunion on Saturday night, Aug. 13, at the American Legion Dugout, 710 Broadway, Venice, according to Miss Mary Ann Revak, a member of the planning committee.

Attempts are being made to contact each of the 231 members of the class and their families for the reunion, which will begin at 8 p. m. and include a buffet dinner, music by an orchestra and discussion of the publication of an alumni newspaper.

The following is a list of class members whom Miss Revak has not been able to reach. Anyone having information concerning their whereabouts may call her at TR. 70485.

Emilio Campos, David Cotter, Barbara O'Neil, Loretta Evans, Gerald Fish, Wayne Flaughner, James Franklin, Betty Friele, Eugene Gargac, Ben Glasgow, Donald Johnson and Violet Jones.

Alvin Madison, Carol Nesbitt, Larry Niepert, Alice Palmer, Ray Peters, Mary Phelps, Dorothy Price, Pat Rotter, Betty Smith, Jay Dee Snyder, Darrell Stack, Gene Stover, Terry Taylor, Ann Townzen, Louise Townzen, Bette Young and Helen Varcoe.

Horseshoe Lake High, Landowners Complain

Trains last week caused flooded conditions in the Horseshoe Lake area, William Nichols, president of the area's Landowners Association, said yesterday, adding that the conditions could be relieved by the East Side Levee & Sanitary District.

Approximately 800 acres is now covered with water as the lake level is three feet above normal, Nichols said.

Cause of the inundation, he said, is a channel a half-mile north of U. S. Highway 40 which is filled with silt and debris preventing the water from flowing back to spillway level. The answer, he added, would be for the levee board to place a control valve at the channel.

Fireworks Complaints Continue After Holiday

Celebration of the Fourth of July with outlawed fireworks continued past the holiday as Granite City police received several complaints on Tuesday.

The complaints were sent in from 12th and Meridian streets and the 1600 block of Maple street. However, no one was located.

Officer Of Union Local

Joseph J. Dallas, 3015 Buxton avenue, who has been re-elected as financial secretary of Operating Engineers Local 525 of Wood River, will take office along with other officers of the local at a meeting tonight. An employee of the Shell Oil Co., he is beginning his third one-year term as financial secretary.
